

January 7, 2021

Dear Concerned Aviation Noise or Emissions Manager,

We invite you to participate in the [2021 University of California, Davis, Aviation Noise and Emissions Symposium](#) (Feb 23-26) which is being hosted virtually this year. The Symposium will focus on defining the challenges that face the noise and emissions industry over the next few years and discussing real-world solutions. Many of the sessions are relevant to your airports, airlines and community members. Symposium Presenters will share ground-breaking efforts being undertaken by elected officials, airports, consultants, communities, and the FAA to mitigate noise and environmental impacts of aviation.

Topics include: <https://anesymposium.aqrc.ucdavis.edu/program>

- Aircraft Noise and Emissions Legislation in the Next Congress: Priorities, Perspectives and Predictions
- A Conversation with the Authors of "A Guide to U.S. Aircraft Noise Regulatory Policy"
- Aviation Emissions: Reduction Efforts and Current Research
- Doubling Down: Implementing Noise Reductions During Recovery
- Aircraft Noise and Overflight Dispersion: Opportunities and Challenges
- Climate Change and Aviation: Opportunities in the Midst of Adversity
- The Direct and Indirect Impacts of Aviation on Human Health

The virtual platform will support for networking with other airports and airlines present to discuss issues and solutions important to local communities around the world. All virtual presentations will be available as recordings on the platform February 23 – July 31, 2021 for you to actively participate in or review at your convenience.

Now through January 14th, the Symposium has a significantly discounted "Holiday" rate of \$25 for community members, \$50 for government employees and \$100 for industry members, consultants and general attendees. We would like to invite you and your colleagues to take advantage of the ease of accessibility of this year's event and the low costs afforded to us by the virtual atmosphere.

Please reach out to us with any questions about the Symposium activities. We look forward to hosting you virtually!

Best wishes,

Sandra Hall
