

EarthSpace Electronics Labs: Nigeria

...

Draper Richards Kaplan Foundation Application for Funding

Problem and Solution

Succinctly describe the mission and objectives of the organization.

Describe the social problem your organization addresses.

Describe the solution your organization provides.

Social problem

The EarthSpace Electronics Labs: Nigeria ...*inspiring future scientists, innovators and explorers*, is a unique program providing students with the skills and motivation to use science and technology to improve their communities. The program blends the contextual knowledge and inspirational power of international scientists with the perspective of local scientists.

Solution provided

Impact

Explain how your organization improves on existing efforts, with specific names of organizations addressing the same problem if possible/relevant.

Explain how your approach is systemic and unique.

Describe the organization's tangible results to date, detailing how you plan to measure organizational outcomes and success in the future.

Scale

Explain how you plan to scale the organization over time.

Explain the main sources of income that your organization will use to sustain your work over time.

Leader

Please attach a standard resume/CV for the entrepreneur(s), not simply a text bio.
